To whom it may concern:

Recently I was a recipient of help through the Senior Home Repair Program. Mr Matthews and his staff were such a help. I had no idea that there was this program available until someone told me to check into it.

Everyone in that office treated me well and wanted to help.

All winter, my furnace didn't work very well and my light bill jumped up because of it. I didn't realize how bad it was until the new one was installed. Now I can be warm in winter and cool in summer, thanks to this program.

I am sure it has helped a lot of seniors like myself who didn't have the means to repair or replace systems.

I hope the program will continue for others.

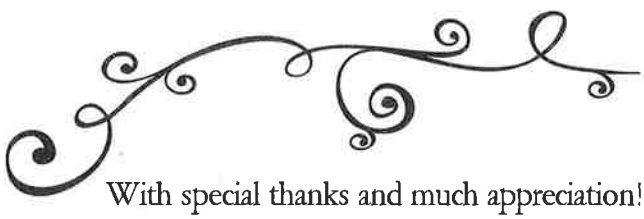

Thank You,
