

RESOLUTION NO. R-2019-_____

A RESOLUTION authorizing an amendment to an Interlocal agreement with Yakima County for Shaw Creek and Wide Hollow Creek Pre-Disaster Mitigation Flood Control Project.

WHEREAS, the current Interlocal Agreement (ILA) adopted by resolution R-2014-136 on November 18, 2014 outlines the tasks and responsibilities of the City of Yakima and Yakima County in the management of the grant funds provided by other government agencies to implement the Shaw and Wide Hollow Creek Pre-Disaster Mitigation Flood Control Project; and,

WHEREAS, the City still provides the local financial match of 25% and the Federal Emergency Management Agency's grant [FEMA grant] still provides the remaining 75% of the cost of the bridge structures; and

WHEREAS, the City's current Washington State Department of Ecology [DOE] *Floodplains by Design* grant will increase their reimbursement of City's match from 25% to 80% of the City's matching contribution to the match for box culverts which includes land acquisition and related costs; and

WHEREAS, the City finds that it is in the best interest of the City to accept the change in the terms of the December 2, 2014 ILA to reflect that the City will reimburse the County the City's 80% matching contribution authorized by the amended DOE *Floodplains by Design* grant.

WHEREAS, this amendment is necessary to adjust the increase of the reimbursement allocation due to the Washington State Department of Ecology grant having been amended to provide 80% of the City's matching funds; now, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF YAKIMA:

The City Manager is hereby authorized to execute an amendment to Interlocal Agreement adopted by resolution R-2014-136, attached hereto and incorporated herein by this reference, to amend the previously adopted Interlocal Agreement as described in the Amendment.
