

RESOLUTION NO. R-2019-

A RESOLUTION authorizing a sole source purchase for goods and services from e3 Solutions Inc. to upgrade the Yakima Air Terminal-McAllister Field's Honeywell access control system to the City's standard access control platform including future upgrades and additions for the Yakima Air Terminal-McAllister Field and other departments.

WHEREAS, the existing Honeywell access control system at the Yakima Air Terminal-McAllister Field is outdated and is vulnerable to failure putting the Terminal at risk. The existing system is also not compatible with the LenelS2 access control system used at all other access-controlled City locations. The cost of this project is \$28,759.32; and

WHEREAS, Article IV, Section 6 of the City of Yakima Charter and the Yakima Municipal Code Chapter 1 80 generally require that purchase of equipment, materials, or services in excess of \$25,000 be done by competitive bid, subject to certain exceptions, and

WHEREAS, the law recognizes a "sole source purchase" exception from these competitive bidding requirements when, due to the uniqueness of the product to be purchased and the fact that there is only one source, it would be futile to utilize competitive bidding for such product, and

WHEREAS, the Yakima Air Terminal-McAllister Field requires this immediate upgrade, and other City departments require future upgrades and additions to access control, and

WHEREAS, e3 Solutions, Inc., located at 603 W A Street, Yakima, WA, is the only certified LenelS2 reseller in the Yakima area, and

WHEREAS, the City Council finds that it is in the best interest of the City to authorize goods and services provided by e3 Solutions Inc. for this project and future projects to upgrade and expand the City's LenelS2 access control system without calling for bids, now, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF YAKIMA:

The City Manager is hereby authorized and directed to approve the project for e3 Solutions Inc. to upgrade the Yakima Air Terminal-McAllister Field's access control system from Honeywell to LenelS2 for a cost of \$28,759.32 and future access control projects not to exceed \$100,000 annually. The City Manager is further directed to execute all appropriate and necessary documents to complete the purchase and transaction.

ADOPTED BY THE CITY COUNCIL this 5th day of August, 2019.

Kathy Coffey, Mayor

ATTEST:

Sonya Claar Tee, City Clerk
