**Subject:** S2 dealers in Yakima

Stephen, as the Regional Sales Manager for LenelS2, I can confirm that E3 Solutions in Yakima is the only Certified S2 dealer in the Yakima/Selah/Union Gap area. While we have dealers in the western Washington and Spokane that may be able to service the Yakima Valley area, E3 Solutions is the only dealer physically located there.

I can get you paperwork showing E3 Solutions as a certified dealer, if you'd like.

Please let me know if you have any questions or need anything else.

Thanks,

Justin
