

Attachment A

The Yakima Pickleball Club will have reserved access to the pickleball courts at Franklin Park during the times and under the conditions set forth below. The typical pickleball season will begin in April and continue through October each year. As weather conditions permit, the season may be increased.

During each season, the Yakima Pickleball Club may use up to six (6) of the eight (8) Franklin Park pickleball courts for organized club play (Courts 1-6). Members and guests have priority access to these courts. New players are encouraged to join the club but may play as a guest up to three times, this only applies to club play on courts 1-6 during club play times. YPC may post signage to explain the rules to the public after approval by the City.

New people interested in learning to play will be invited to attend a pickleball 101 class which will be offered twice per month. A club member may offer to teach new people who show up at the courts, but the club cannot guarantee that someone would be available.

Club play times:

- Monday, Wednesday, Friday from 8:30 am until 12:30 pm.
- Mondays thru Friday evenings, from 5:30 pm until dark.

In addition to the scheduled play time identified herein, in partnership and cooperation with the Yakima Parks & Recreation Division, the Club may use pickleball court time to host tournaments, instructional clinics and lessons.
