

FINANCE DEPARTMENT

To: Mayor and City Council
Alex Meyerhoff, Interim City Manager

From: Steve Groom, Finance Department
Kathy Miles, Financial Services

Date: July 21, 2020

Subject: Accounts Receivable Status Report - 2nd Quarter 2020

The purpose of this report is to provide transparency and accountability, to confirm budgeted revenues were billed and to present the status of receivables that are billed centrally by the Finance Department as of June 30, 2020. The COVID emergency was declared in Yakima on March 11th after which utility shutoffs ceased as a means of collection. Utility receivables are billed for two months per cycle and may increase as billings across the city are processed into the next quarter and payment plans increase.

Summary

- Total Utility Billing revenue for the quarter was \$9.3 million.
- Total Utility Billing accounts ending balance increased by \$611,237 or 14.6% due to billings exceeding payments.
- Total General Billing accounts ending balance decreased by \$180,175 or 15.2% from prior quarter, mainly due to yearly billing activity.
- Accounts in collection total \$185,576, or 18.5% of total ending balance.
- Total LID (Local Improvement District) accounts ending balance decreased by \$3,831 or 10.1% from prior quarter.
- The collections process is managed continuously and reviewed monthly
- Past due accounts are placed monthly with the city's collection agency.

Note for this quarter only: The placement of items that were due to go to collection with an agency was put on hold in March.

Collection Processes

Collection requirements vary between types of billing. For example, the City uses a collection agency to collect significantly past due accounts in categories such as traffic, miscellaneous, and parks, whereas unpaid sewer contracts become a lien against the real property. Collection activity of delinquent LID accounts are coordinated with the City's legal department. Collection of Utility Billing accounts involves communication with customers, following up with reminders and potentially cutting off service for non-payment. Payments can be made through automatic debit, on-line, drop-box or in person at City Hall.

Accounts are sent to the City's collection agency when the balance is more than 90 days past due.

Downtown Yakima Business Improvement District (DYBID) - Annually/Quarterly

DYBID funds provide downtown services including cleaning, maintenance, landscaping, safety and business development activities. There are two types of billings, quarterly to all property/ business owners and annual billings to all individual businesses:

Annual Charges - The \$9,881 in the collection column is for 52 accounts.

Quarterly Charges - The \$9,115 in the collection column is for 14 accounts.

Fire Inspections

The Fire Department is currently doing about 500 inspections and compliance re-inspections per month; there are currently 429 accounts in collection for a total of \$74,427.

Front Street Business Improvement (FSBI) Assessment

Originally created in 2006, this program was created for the purpose of assisting trade, economic viability and livability within the FSBI area. A total of 11 accounts are in collection, totaling \$2,818.

Fruitvale Canal Billing

A separate irrigation fee for customers connected directly to the Fruitvale Canal, which is not owned by the City. The City buys water through shares to serve City customers. There are 50 accounts billed annually. A total of 3 accounts are in collection, totaling \$131.

Miscellaneous Billing

Recurring billings in this category include transit bus passes for non-governmental entities, refuse charges, rents and retiree premiums for health benefits. A total of 24 accounts are in collection, totaling \$10,713, primarily for Police event services and refuse bin charges.

Intergovernmental

This category includes billings to other governmental agencies, including state agencies, counties, cities, school districts, and local police and fire departments. Generally considered collectible, balances are normally only a result of the timing of payments.

Traffic Engineering / Engineering Billing

This account is generally for sidewalk safety repairs, and currently has nothing in collection.

Parks and Recreation Billing

This account includes billings for pool and field rentals, along with other program charges. A total of 12 accounts are in collection totaling \$5,982.

Airport

The majority of the \$3,150 the collection column is for two vendors. Most of these charges are for a delinquent lease, which is still incurring charges. The City continues to seek resolution. The \$2,615 in the legal column pertains to a land lease that the cities Legal department is looking into.

The Water/Wastewater Invoices and Connections

A total of 22 accounts are in collection, totaling \$53,641, mainly for Wastewater pretreatment and strong water fees, Water permits and Water and Wastewater equipment.

GAMBLING TAX DETAIL

Exhibit II

Gambling Tax

The power to impose a Gambling Tax was adopted by ordinance in the City of Yakima in 1974. The largest part of these taxes come from card games, with Punch boards, pull tabs and amusement games making up for the rest.

This quarter the City received \$198,396 in gambling tax revenue, this represents 42.9% of the budgeted amount for the year (\$1,053,000).

Gambling Tax Delinquencies

Exhibit II details the status of delinquent gambling tax accounts. The beginning and ending balances are primarily comprised of two delinquent accounts. One, totaling \$15,719, has been sent to collection and the second, totaling \$1,855, is making payments, coordinating with the City's Legal Department. The City informs the Gambling Commission of the status of these accounts and keeps them informed of any changes to further any collection efforts. According to RCW 9.46.070, the Gambling Commission has the authority to revoke or suspend a gambling licenses for violation of any provisions of the rules and regulations adopted in the code.

LID ASSESSMENT DETAIL

Exhibit III

Local Improvement District (LID)

LID assessments are generally for improvements made to a parcel related to the Wastewater system. There are currently six LID's that the City is collecting assessments on, improvements all done previous to 2009. Delinquent amounts are unpaid installments for prior years plus interest. At of the end of the quarter, the delinquent principal balance is \$34,066. When accumulated interest (\$15,507) and penalties (\$19,580) are added, the total amount past due is \$69,153. The City's Legal Department is involved with collection efforts.
