

August 30 2020

Dear city council members:

I recently had a ramp to my house installed from the ONDS home repair program. I suffer from multiple sclerosis and this ramp has made my life so much easier. I was having trouble getting up the stairs and now it's no problem. With only social security income I could not have afforded a ramp on my own.

This repair program has helped me several times in the past and has made my house a much safer place to live. Now I can look forward to spending many years in the house that I love rather than moving to a place with no stairs.

I hope you will continue to support this program and do whatever you can so other senior/disabled citizens can take advantage of this program. Thank you.

Sincerely

Stacey Duncan

Yakima City Council
City Manager

We cannot express how much we
appreciate the Neighborhood Development
Services of Yakima

Like many seniors who depend upon
Social Security, we are able to maintain
our adequate, normal, basic life style.
But unforeseen emergencies do happen
Then the Neighborhood Development Services
do become essential.

Yakima is a great place to live because
of the caring people who support this
service

Sincerely,

B. & G. Wickham
