

INTERAGENCY AGREEMENT

BETWEEN THE

Washington Traffic Safety Commission

AND

City of Yakima

THIS AGREEMENT is made and entered into by and between the Washington Traffic Safety Commission, hereinafter referred to as “WTSC,” and City of Yakima, hereinafter referred to as “SUB-RECIPIENT.”

NOW THEREFORE, in consideration of the authority provided to WTSC in RCW 43.59 and RCW 39.34, terms, conditions, covenants, and performance contained herein, or attached and incorporated and made a part hereof, the parties mutually agree as follows:

1. PURPOSE OF THE AGREEMENT:

The purpose of this Agreement is to provide funding for traffic safety grant project 2022-Sub-grants-4385-School Zone RRFB Signage Safety Improvements.

2. PERIOD OF PERFORMANCE

The period of performance of this Contract shall commence upon the date of execution by both Parties or August 01, 2021, whichever is later, and remain in effect until June 30, 2022, unless terminated sooner, as provided herein.

3. STATEMENT OF WORK

The SUB-RECIPIENT shall carry out the provisions of the traffic safety project described here as the Statement of Work (SOW). If the SUB-RECIPIENT is unable to fulfill the SOW in any manner on this project, the SUB-RECIPIENT must contact the WTSC Program Manager immediately and discuss a potential amendment. All State regulations will apply.

3.1 SCOPE OF WORK

3.1.1 Problem ID and/or Opportunity

Roosevelt Elementary School and McKinley Elementary School are two schools within the Yakima School District, within the City of Yakima, that are located along high-volume roadway corridors, Summitview Avenue and Tieton Drive, respectively. Both streets are functionally classified as arterials and serve as major corridors for vehicular volumes. Typically, within cities, arterial streets have the

highest number of collisions as they have the highest traffic volume. When school walking routes cross arterials, the potential for collisions increases as driver's attention to the road and other vehicles has competing interests with pedestrians and walking children.

Infrastructure investments in these locations will dramatically improve safety and reach all populations, and income levels, especially the low to median income levels.

Pedestrian traffic extends beyond the normal school hours as the underserved families within these demographic areas and within the vicinity of the schools utilize the playgrounds and ballfields after hours and on weekends. These extenuating uses create a safety concern, year-round, rather than just during school hours within the school calendar year.

With a significant number of students walking to both schools in these low- to median-income demographic areas, and in consideration of the high volume arterial crossings, the City is proposing to improve the safety of the crosswalks by installing RRFBs at both locations. Informational brochures will be provided to both schools to distribute to school children, to help children, parents, and guardians understand the safety measures provided by RRFB equipment. These brochures will be double-sided, one English, and one Spanish, to reach all populations.

3.1.2 Project Goal

Increase pedestrian safety and protect against any future pedestrian/vehicular collisions at non-signalized crossings on high traffic streets adjacent to schools, through increased driver awareness of pedestrian/student crossings, and increased pedestrian usage of the crosswalks.

3.1.3 Project Strategies, Objectives, and Measures

Strategy 1 – Install two Rectangular Rapid Flashing Beacons (RRFB) at Roosevelt Elementary and McKinley Elementary School walking routes.

Objective 1.1 – Purchase the RRFB equipment using a competitive solicitation process that follows the city's procurement process.

Objective 1.2 – Supervise construction and certify completion.

Process Measure - Measure pedestrian counts after RRFB installation and compare to the counts taken prior to installation. The goal is to increase pedestrian counts at these locations.

3.2. MILESTONES, DELIVERABLES, AND PERFORMANCE MEASURES

3.3. COMPENSATION

3.3.1. The cost of accomplishing the work described in the SOW will not exceed \$40,000.00. Payment for satisfactory performance of the work shall not exceed this amount unless the parties mutually agree to a higher amount in a written Amendment to this Agreement executed by both parties.

3.3.2. If the SUB-RECIPIENT intends to charge indirect costs, an Indirect Cost Rate must be established in accordance with WTSC policies, and a federally-approved cost allocation plan may be required to be submitted to the WTSC before any performance is conducted under this Agreement.

3.3.3 The SUB-RECIPIENT must submit a travel authorization form (A-40) to request approval for any travel not defined in the scope of work and for all travel outside of the continental United States. State travel policies (SAAM Chapter 10) would apply.

3.3.4. If WTSC makes travel arrangements on behalf of the SUB-RECIPIENT, state travel policies must be followed. See Washington State Administrative & Accounting Manual (SAAM) Chapter 10, which can be obtained at this website: <https://www.ofm.wa.gov/sites/default/files/public/legacy/policy/10.htm>. If for any reason, this information is not available at this website, contact the WTSC office at 360-725-9860.

3.3.5. WTSC will reimburse travel related expenses consistent with the written travel policies of the SUB-RECIPIENT. If no written policy exists, state travel policies (SAAM Chapter 10) apply.

3.3.6. WTSC will only reimburse the SUB-RECIPIENT for travel related expenses for travel defined in the scope of work and budget or for which approval was expressly granted. The SUB-RECIPIENT must provide appropriate documentation (receipts) to support reimbursement requests, including the A-40 Travel Authorization form if required.

23.3. The SUB-RECIPIENT may publish, at its own expense, the results of project activities without prior review by the WTSC, provided that any publications (written, visual, or sound) contain acknowledgment of the support provided by WTSC. Any discovery or invention derived from work performed under this project shall be referred to the WTSC, who will determine whether patent

protections will be sought, how any rights will be administered, and other actions required to protect the public interest.

24. SAVINGS

The Agreement is subject to renegotiation at the WTSC's discretion under any new funding limitations or conditions.

25. SEVERABILITY

If any provision of this Agreement or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Agreement which can be given effect without the invalid provision, if such remainder conforms to the requirements of applicable law and the fundamental purpose of this Agreement, and to this end the provisions of this Agreement are declared to be severable.

At the WTSC's discretion, the SUB-RECIPIENT may be given 15 days to correct the violation or failure. In the event that the SUB-RECIPIENT is given the opportunity to correct the violation and the violation is not corrected within the 15-day period, this Agreement may be terminated at the end of that period by written notice of the WTSC.

29. TERMINATION FOR CONVENIENCE

Except as otherwise provided in this Agreement, either party may terminate this Agreement, without cause or reason, with 30 days written notice to the other party.
