Project Short Description:

Tiger Oil North 1st (a.k.a. Tiger Oil N 1st St Fmr 6013) (CSID#4922 /FSID#477) is an old gas station located at 1808 N 1st. St., Yakima. The RECIPIENT entered into Agreed Order No. DE 19882 to perform interim actions that result in the removal of all remaining gasoline contamination in soil and groundwater at the Site remediating to MTCA standards.

Project Long Description:

Tiger Oil North 1st (a.k.a. Tiger Oil N 1st St Fmr 6013) (CSID#4922 /FSID#477) is an old gas station located at 1808 N 1st. St., Yakima. The property is currently under a Lease-to-Own Agreement between the RECIPIENT and a Lessee (Mr. Scott Mary).

Past and current land uses and ownership: The former Tiger Oil gas station property (the Property) was acquired by the

Agreement No: TCPRA-1921-YakiCM-00121
Project Title: Tiger Oil - North 1st

RECIPIENT from the Tiger Oil Corporation in 2014.

Contaminants of Concern: Gasoline is present in groundwater above cleanup levels at the site from historical release(s). Much of the gasoline in groundwater has attenuated over the years; however some gasoline in groundwater remains above cleanup levels on the subject property. Interim actions will be conducted to address the remaining heavy oil in soil and gasoline in groundwater.

Summary of Remedial Actions performed and planned: In 2005, four fueling USTs were removed. Two more USTs were removed October 2019. Heavy oil was found above cleanup levels in the soil during the 2019 UST removals. Some contaminated soil was removed and disposed of offsite during the 2019 UST removals; however some additional contaminated soil remains that needs to be removed and disposed of offsite.

As well as the above-referenced soil removal, interim actions to be conducted at the Site include injection of oxidizing agent in to the contaminated groundwater, installation of groundwater monitoring wells and continued groundwater monitoring

Expected outcome: Once contaminant concentrations are below MTCA cleanup levels in soil and groundwater, ECOLOGY can issue a No Further Action determination, and the RECIPIENT can proceed with selling the Property.

Planned Future Land Use: A drive-through coffee shop was constructed on the former gas station property in 2019. There are no plans for additional land use changes.

Overall Goal:

The overall goal at the site is to remediate soil and groundwater contamination to MTCA standards and receive a no further action determination at the Site.
