

Presentation to City Council, Tuesday, Sept. 6, 2022

Note to City Council in advance of meeting:

Andy Granitto spent the past year assessing the condition of the plaza and proposing repair/replacement/restoration options, focusing on the 36 display niches in the plaza's Community Object Walls. He will give a brief summary of his work at the Yakima City Council meeting on September 6, 2022.

Attached please find a PDF "**Inventory, Condition Report, Critical Review and Proposals for Restoration and Repair**," submitted by Andy to the Millennium Foundation and shared with the City on July 1, 2022. The 66-page document is mostly detailed descriptions of the plaza's many parts and elements.
