Memorandum

August 30, 2022

To: Bob Harrison
City Manager
From: Lt Ira Cavin #6186 
Subject: 2023 Police Vehicle Order – Emergency PO Exception requests

On July 27th, 2022 I received notification from Bud Clary Ford regarding the vehicle order banks for 2023. Ford has decided due to the ongoing supply chain issues and backlog of unfilled orders, to open the 2023 order bank for only a few weeks during the month of August, 2022. In essence, this gives government customers such as the City of Yakima only a few weeks to place orders for the 2023 year.

Normally, the order banks open in August/September of this year, and close in March/April of the spring. The City of Yakima would normally place orders during the month of January, when the 2023 budget is opened.

For the 2023 budget year the Police Department had planned on replacing 11 vehicles and 2 motorcycles. Several of these vehicles have reached or exceeded end of service life. One in particular is no longer road worthy. To fund these vehicles, the Department planned to use existing funds within the 552 police vehicle replacement fund. Currently there is slightly more than 1 million dollars in this account. I am working on current build quotes, but we would be requesting to allocate up to \$700,000 of the fund balance to make these purchases.

I have already communicated with Purchasing Manager Maria Mayhue and Fleet Manager Kerry Jones to prepare for this process. They suggested requesting an emergency PO authorization to place orders now. Once approved we will be able to issue the PO's for the vehicles and secure the orders for 2023.

The Department is requesting emergency authorization to issue PO's for the planned 2023 replacements immediately, in order to meet the deadlines imposed by Ford. The funding for these purchases would be later approved as a budget amendment by council using the Department's 552 replacement fund.

If the Department were not able to place these orders by the deadlines this month, it would not be able to replace the vehicles until late 2024 at the earliest. This would create a risk of interrupted emergency services to community when the vehicles break down or are no longer serviceable.

Chief Murray has is aware of and has approved making this request. The order bank closes on **September 14th**. Please feel free to contact me with any further questions.
