Progress Estimate No.: 07 and Final

Dear Mr. Preston:

Enclosed is Progress Estimate No. 07 and Final for materials delivered by Knobel's Electric, through September 30, 2023, in connection with their contract on the above referenced project. The amount due to Knobel's Electric is \$81,710.10. We recommend this Progress Estimate be considered and approved by the City of Yakima.

This letter also serves as our recommendation to accept the project as complete. Attached to the progress estimate, please find the Final Contract Voucher Certification signed by Knobel's Electric. Please notify our office when project acceptance has occurred, and we will draft the notice of completion for your review and approval at that time.

Due to the federal funding agreement associated with this project, no retainage has been withheld by the City of Yakima. No sales tax is payable to Knobel's because this work is associated with a road project.

Please contact our office if you have questions or if we may provide additional information.

Sincerely,
