

CUSTOMIZING QUALITY SOLUTIONS AND RELIABLE SERVICE FOR YOUR FIRE AND SAFETY NEEDS

May 8th , 2024

Cascade Fire & Safety, in partnership with and on behalf of KME, is pleased to present this proposal to City of Yakima for (1) new KME Fire apparatus for your review and consideration.

(1) One KME Pumper **\$1,184,661.00**

Sales Tax **\$98,326.86**

Total Delivered with Sales Tax **\$1,282,987.86**

Proposal Details:

- Proposal is valid until June 1st , 2024
- Build time is estimated at 820 days from receipt of order
- Purchase utilizing Sourcewell contract #113021-RVG-3
- Pre-Construction meeting held virtually at Yakima Fire Department
- Mid-Point inspection trip to KME for (4) YFD personnel is included
- Final Inspection trip to KME for (4) YFD personnel is included
- Delivery to and Familiarization at Yakima WA included
- Sales Tax and Sourcewell Administration fees included
- Performance Bond cost is included – Bond will be provided within 10 days of contract execution
- Payment is due upon Delivery and acceptance
- In the event that pending mandated emission changes for Cummins Engines effective 1/1/2026 requires changes to Cummins Engines in production, the following will occur. If the specified X12 engine is not available or cannot be provided for the specific quote or build slot at time of production, the buyer will be changed to the X10 Engine to comply with Federally mandated requirements to be installed on all applications effective January 1st , 2026. Any additional costs would be documented by Cummins to the buyer and any pricing changes would be passed to the buyer. Current cost estimates to move to the new mandated motor are \$65,196.00.
- The timeline quoted is a good faith estimate using all the information currently available. Subject to the terms of the purchase agreement and as otherwise stated therein, future delays are not the fault of KME or Cascade Fire and Safety and should not be held liable for any delays outside of our control.

Respectfully Submitted,

Mark Merritt – President Cascade Fire and Safety
