

ORDINANCE NO. 2017-_____

AN ORDINANCE amending the City of Yakima Municipal Code Section 11.44.040 to reflect the current fees charged to residents for plumbing permits shall be set by fee resolution.

WHEREAS, fees for plumbing permits are currently outlined in the municipal code, which requires an ordinance and re-write of code sections each time fees change; and

WHEREAS, changes in fees, done by ordinance, also must wait 30 days after publication to be effective; and

WHEREAS, each time the code is amended the City must work with the publisher to make the changes to the code, costing money and staff time; and

WHEREAS, fees are easier for the public and developers to find if they are located in one place rather than throughout the code; and

WHEREAS, the City Council still has ultimate authority over the amounts of the fees and any increases or decreases must be done through Council action; and

WHEREAS, in conjunction with this ordinance, the City shall also pass the fee resolution which will set the fees for plumbing permits which will remain in effect until amended by Council action; and

WHEREAS, the City Council of the City of Yakima hereby finds that it is in the best interest of the City and its residents to amend the code to remove the specific fees for plumbing permitting to a fee resolution; now, therefore,

BE IT ORDAINED BY THE CITY OF YAKIMA:
